| 20.06.22<br>24-06.22 | YR 6 Residential 2022   |

### DROPPING OFF AND COLLECTING AT SCHOOL

As a large school on a main road, we have given some thought to the best way to operate the start and end of the school day, as close to 1000 people (including your children) pass through our gates daily.

To ensure this runs as smoothly as possible, we will continue with the 15 minute window for arrival (8.30 - 8.45) and collection (3.15 – 3.30). You can arrive at any point within these windows, there is no need to arrive early. The first 5 minutes are always the busiest, so please consider arriving a few minutes later to avoid congestion on the pavement.

We will also be continuing with the one way system, as we have noted a number of benefits, the two most significant being -

- Reduced congestion coming through the gates – two way traffic would make this a slower process and very difficult to negotiate with prams.
- With one way traffic, it is easier to monitor where children are and ensure they are with adults.

When leaving the premises, from now on you can use the usual exit gate or the official exit by the school office. Having two exit points will ease the congestion and speed up the process.

If you have any medical or mobility issues, you are welcome to use whichever gate is most convenient, but we would very much appreciate all other parents and carers working with us to maintain the current system. Please remember there is a short cut through the nursery playground when you are leaving, there is no need to go all the way round the building.

Thank you for your support.

The Larkswood Team
